Introduction | *Notes on your figures in this report*

The Housing Ombudsman's 2025-26 landlord reports are for landlords with 5 or more findings made in cases determined between 1 April 2025 and 31 March 2026.

The data comes from our casework management system. The reports include statistics on cases determined in the period. If we published a performance report for the landlord last year, then its individual report will also include limited statistics about cases determined between 1 April 2023 and 31 March 2025 for year-on-year comparison. Where a landlord has merged, we have merged the 2023-25 data and it may therefore be different to the published figures last year.

Determinations | *Cases Determined*

The number of cases determined (decided upon) for this landlord by the Ombudsman. 58 determinations were recorded for Midland Heart Limited, this includes OSJ and Withdrawn determinations. 51 determinations were made excluding OSJ and Withdrawn.

In this report we are counting the determinations excluding OSJ and Withdrawn overall - this is a change from 23/24 where we included OSJ/Withdrawn Determinations. We have adjusted the determined figures for 23/24 referenced on the first page of this report to exclude OSJ and Withdrawn so that it is comparable. This means these figures may not match the published reports for that year, however 24/25 figures are comparable.

Findings | *Category Findings*

The number of findings on cases determined. Each category on a determined case has one finding. When we count findings, we exclude any cases where the entire case was declared outside our jurisdiction (OSJ) or all elements of the complaint were entirely Withdrawn, usually prior to the case being allocated for investigation.

On this basis, we are only counting the findings made in the 51 determinations. 125 findings were recorded for Midland Heart Limited in these 51 determinations.

Maladministration Rate | *Calculated from Category Findings*

Under our Scheme, maladministration includes findings of severe maladministration, maladministration and service failure. The number of findings of maladministration are expressed as a percentage of the total number of findings (excluding findings of 'outside jurisdiction' and 'withdrawn'). This is referred to as 'mal rate'.

The number of findings recorded for Midland Heart Limited to calculate the Maladministration rate is 122. This excludes the 3 findings of Outside Jurisdiction or where elements of the case were Withdrawn during our investigation, but we made other findings on the case.

The number of 'Mal' findings recorded for Midland Heart Limited is 55, which gives the Maladministration rate of 45.1% (55 / 122). The national Mal rate is calculated on the same basis and is comparable to previous reports.

Orders | *Calculated from Orders on Cases Determined*

We issue Orders when the case investigation has resulted in a category finding of some level of maladministration. They are intended to put things right for the resident. We can issue multiple orders for each category of a case, so if we issue compensation of £50 for one category, and £50 for another category - we will count this as two orders even though the Landlord may just see it as one order of £100 compensation for the case.

The number of orders recorded for Midland Heart Limited is 125, these orders are across 55 category findings.

Cases Received / Maladministration Findings per 1k | *Calculated from Unit Numbers*

These measures show the number of cases received, and findings upheld, by the Ombudsman relative to the size of the Landlords housing stock. Using a rate per 1,000 homes allows Landlords of different sizes to be compared on a like-for-like basis. The national and type/size comparisons shown in this report are based on the median. The median is the middle value when all Landlords are ranked lowest to highest - half of Landlords performed above the median and half below it. We used the median as it is less affected by unusually high or low rates and therefore provides a more representative benchmark for comparison.

Unit Numbers | *Homes owned by the Landlord*

The number of homes (or 'units') owned or managed by the member landlord under the Housing Ombudsman Service's jurisdiction as of 31 March 2026. This is based on information available from the Regulator of Social Housing and provided by landlords.
