

# The Housing Ombudsman Annual Landlord Survey 2022-23

Welcome to our second annual survey of member landlords to gather feedback on the impact of the work we do to support landlords in dealing with complaints effectively and about your complaints operation.

In this year's survey we're seeking feedback on the impact of our most recent Spotlight reports, how landlords demonstrate learning from complaints, how and when you tell residents about our service, your self-assessment against our Complaint Handling Code, information about your complaints team and accessibility.

The survey results will feed into this year's Annual Complaints Review, which provides an analysis of the sector's performance using the survey results, our case data and landlord performance reports, and shares learning for the sector.

We would encourage you to share the survey within your organisation. Responses are welcome from people in different roles in your organisation or it can be a single collective response. Please respond by the closing date **26 August 2022**.

1

Member landlord name (in full):

2

Your name:

3

Your contact email address

4

What is your role?

5

How many housing units does your organisation have?
